

Inme summer camps are outdoor and adventure-based camps set in nature that build confidence in a child. The Sitlakhhet discover program is a 6 day experience run at Sitlakhhet - the first outdoor learning campus set up in India. The program helps children step out of their comfort zone and develop life skills.

In 2021 summer, this program will have limited capacity. And all participants will take part in the adventure activities under the care of trained outdoor instructors.

There are four activities offered on the program - Rock Climbing, Ropes Course, Backpacking, and Outdoor Survival. Participants experience all activities by spending a day doing each of them.
